Barrington, N. H., Feb. 17, 1927.

We hereby certify that we have examined the foregoing accounts and find them properly vouched and correctly cast.

AUSTIN L. CALEF,
FLAVIUS J. BERRY,

Auditors for Town of Barrington.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Barrington:

The schools are doing good work, and the attendance has been satisfactory. The teachers now are qualified and some are doing superior work. The following is a list of the schools, teachers, and the number of pupils registered in September.

Waldron, Hill—Miss Eda Clow, 25 registered.

Green Hill—Miss Laura Sewell, 10 registered.

Pond Hill—Mrs. E. M. Douphinett, 11 registered.

Oak Hill—Mrs. Lyle Smith, 26 registered.

Winkley—Miss Valary McIntire, 18 registered.

A complaint was made to me that your schools are costing too much, so I have made some investigations, and find that your schools are costing you \$92.65 per pupil for the school year. There are 49 towns in the State where the cost is more than \$100 per pupil. One town in the State had a cost of \$266 and another town had a cost of \$291. There are 115 towns where the cost per pupil is less than in Barrington: and the question is "Why?" In the 115 towns with a smaller cost, are all of the larger cities and towns of the State. In most of these towns the teachers are paid more than they are in Barrington, and the pupils have the advantage of special teachers of manual arts, domestic science, music, etc. How then can the towns keep down the cost below the cost in Barrington?

The answer is this, your schools are small, and the overhead cost of teacher, fuel, transportation, etc., makes the cost per pupil more than in the schools where every teacher has more than 30 pupils in a room. But the cost in Barrington is not unreasonable. You have an efficient School Board and every dollar is doing a dollar's worth of service. I hope that I have

made this plain. The average cost per pupil throughout the State for the last year was about \$80 per pupil. You will agree with me that the pupils of your town should have, as nearly as possible, equal advantages with pupils anywhere in the world. Our best and brightest minds have been recruited from the country, and I can see no reason why this should not continue to hold good.

While your school houses are not in very bad shape, it is evident to anyone who will look them over that they should have some substantial repairs. It is only prudent to keep houses of any kind in good shape. I was raised on a farm, and know just how hard it is to make ends meet, and I trust that you will credit me with fair judgment. I hope too that you will be willing to concede that I do not wish to advise unreasonable or extravagant expenditures. But it is my judgment that a small sum of money should be appropriated for the repairs necessary on your houses, the money to be spent under the direction of the School Board.

I wish to express my appreciation of the cordial and hearty welcome you have given me, and the co-operation that I have found in your town.

Respectfully,

L. M. FELCH,

Superintendent of Schools.

FINANCIAL REPORT OF BARRINGTON SCHOOL DISTRICT
